

MOTION BY SUPERVISOR DON KNABE

February 7, 2006

The Wildlife Corridor Conservation Authority (WCCA) continues to provide planning, conservation, environmental protection, and maintenance of the habitat and wildlife corridor between the Whittier-Puente Hills and Cleveland National Forest in the Santa Monica Mountains. The Governing Board, which includes the County as a full voting member and alternate seat, have continued to work together to coordinate the continuity of planning among all the local governments involved.

Currently, the Director of Planning, James E. Hartl, serves as the County's representative and Curt Pedersen, Chief of Staff, Fourth Supervisorial District, is the Alternate. With Mr. Hartl's impending retirement, it is necessary to appoint a new County representative to continue the work being accomplished by the Governing Board.

I, THEREFORE, MOVE that the Board appoint Richard D. Simmons, Deputy, Fourth Supervisorial District, as the County's representative on WCCA's Governing Board and Curt Pedersen to continue to serve as the Alternate.
